Mr. George M. Bacon
S.L. City Utah.

Dear Mr. Bacon:-

Our board of directors met last night, and the appointing of a water commissioner through your office to regulate the distribution of the waters of the Muddy river was discussed.

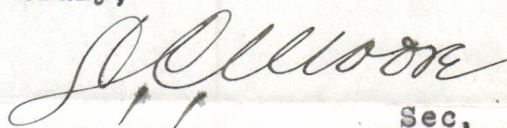

It was the sense of the meeting that it would be agreeable to us for you to make any appointment you wished.

We realize that the burden of the expense of a commissioner will fall on the Emery people, and it is not our desire to add any unnecessary expense on them.

While they were willing, and in fact emphasized the appointment of an outside man, we feel that a local man, working under your orders will be just as satisfactory.

Our recommendation for the position would be Christian Nelson of Ferron Utah. However if it is your wish to give this appointment to one of the local men recommended by the Emery people, we would give our preference to Peter Anderson.

Yours very truly,

Sec,
